

Pet-Powered Packaging.

Today's pet owners combine their love of animals with their love of the planet.

In addition to nutrition and taste, sustainable product and packaging options are more important than ever. VPET creates easy-to-use, environmentally friendly wide-mouth packaging for all types of pet treats, vitamins and more.

A focus on sustainability. Whether you're selling to retailers or online, VPET offers highly recyclable PET wide-mouth jars as alternatives to flexible packaging. Customers gain the peace of mind that they're helping to protect the environment.

Keeping product fresh and accessible. VPET's broad range of wide-mouth jars offers easy-to-use designs that safeguard freshness while enabling customers clear viewing and access to what's inside.

A look that is all yours. VPET's wide-mouth jars—from big to small, round or square—are built from our library of stock preforms and molds, giving your pet brand a custom look and speed to market.

Simply resealable. Wide-mouth jars are easy to open, dispense from, and reseal for assured freshness. They fit perfectly wherever pets roam.

Nearly 70% of worldwide pet owners are concerned with sustainability.*
